Rain in September with moderate temperatures during the day and cool at night resulted in slow and progressive ripening.

Winemaking

Fermentation at low temperature and brief contact with its lees for 7 days before ageing in oak.

Ageing

4 months in 225l. barrels 60% American, 40% French and Central European. 50% new, 50% second year.

Fresh and floral nose, violets, plums and ripe red fruits. Aniseed and spicy notes typical of the variety. Fresh and silky palate with ripe fruit. Long, delicate finish.
